2018 USS CONGRESS PROPOSALS SUMMARY

	REVIEW WORKGROUP:	PROPOSAL FROM:	PROPOSAL:	ACTION:	RATIONALE:
1	Long Track Task Force	Tom Miller	Time verifications for US Speedskating events should come from U.S. Events page from official Protocols submitted and not www.speedskatingresults.com. It has been shown that not all event results on this site are official protocol times.	denied	not practical. It's coaches/skaters responsibility to show proof of correct seed times if in question
	REVIEW WORKGROUP:	PROPOSAL FROM:	PROPOSAL:	ACTION:	RATIONALE:
2	Board of Directors	Lili Cui	Family members with one speedskater that is younger than the age of 16 be alloed to cast one vote in the Board of Directors elections.	Tabled though under consideration to modify	the BOD requested that staff provide additional research on potential changes to this rule for consideration.
3	Board of Directors	Glenn Corso	Propose to update the rules/bylaws Section 5.1, for general membership voting. Allow one vote per member regardless of age. Allow a parent or legal guardian of a fully registered skater 15 or under to cast one vote for each of their underage children without having to become full members themselves. This past election of the general membership brought to light a lot of the inequality of the current voting. Many parents were appalled and disillusioned when they learned of their inability to vote on behalf of their underage child even though they had paid full membership costs to USS for said child, but neither parent joined as a member themselves, thus being locked out of voting. Only a few parents who had two children skating were able to make USS aware of their desire to cast a vote, and did so, but only one vote.	Same as above	Same as above
4	Board of Directors	Jack Mortell	Create a wholly independent USS Evaluation Committee recognized in the USS ByLaws to utilize the following evaluation system - https://static.cubuffs.com/custompages/sports_gov ernance/NGBScorecard/index.html Stated goal of the Committee would be to incrementally improve USS's current "F" score to an "A" by the Fall of 2021.	Denied	the USS BOD is in favor of independent audits of USS which are frequently conducted by reputable third party professionals. The USS BOD does not believe the indicators used by the University of Colorado Sports Governance Center are a fair representation of NGB governance structure. The Center has acknowledged these flaws and has agreed to engage in a discussion with the USOC and NGBs on a more accurate evaluation system.
5	Board of Directors	Jack Mortell	Eliminate the language in the USS ByLaws and supporting documents that refer to international competition, international events etc. as amateur in nature.		Designating events as amateur is no longer relevant.
	REVIEW WORKGROUP:	PROPOSAL FROM:	PROPOSAL:	ACTION:	RATIONALE:
6	Competition and Events	Robert Woodbury	A clear travel policy concerning Junior Team member athletes to include financial issues and some SafeSport type issues. The current travel policy (online version dated July 17, 2015) is geared towards the senior/professional athletes (see attachment).	Advanced to LT & ST Task Force. Tabled	This proposal will be tabled to allow more time to examine the ramifications across the LT and ST Regs as well as the travel policy.
	REVIEW WORKGROUP:	PROPOSAL FROM:	PROPOSAL:	ACTION:	RATIONALE:
